Subject: updated redlined version of Galloway manuscript "Evidence of Air Dispersion: HFPO-DA and PFOA in OH/WV Surface Water and Soil Near a Fluoropolymer Production Facility"
Attachments: ABL on AG WV-OH PFOA GenX Manuscript 08-21-19.docx

All,

Please find attached an updated redlined version of our draft manuscript "Evidence of Air Dispersion: HFPO-DA and PFOA in OH/WV Surface Water and Soil Near a Fluoropolymer Production Facility" by Galloway et al.

The redlined version of the text (ABL on AG WV-OH PFOA GenX Manuscript 08-21-19 – 9/12/2019) contains some additions to the text and some other minor changes in wording to help clarify.

I've copied the major sections that I've added to the text below to make it easier to review and to ask the Regional folks to directly address items that remain unclear or need to be verified. Please note that I'm often needing specific numbers and references. We're also in need of overall verification that the language is accurate and satisfies your specific concerns.

If you could please respond to these changes, I will continue to do what is necessary to move this towards submission.

Thank you,

Andy
